Sparks in The Paradise

Dear Friends,

Greetings from The Paradise Group of Institutions!

A Gentle Whisper - Forward Let's Go.

An Encouraging Glance - You can Do It.

An Assuring Smile - We are with you.

Every word, every look, every smile and laughter goes on to create a turbulence of joy in the child, it doesn't matter whether it comes from a loving parent or a caring teacher. It is vital that all of us create the environment.

At The Paradise, we commit ourselves and train our teachers and skill them through the vacations and year, particularly utilize the vacations for the progress of our young Paradines. The enthusiasm to learn new skills, strategies and pedagogies is very encouraging. The camaraderie among The Paradine teachers are interesting to be observed and adored during these training programmes. The creativity, the open-minded sharing under very qualified and experienced academicians and the team work exhibited by our teachers are treat to the eyes.

We do believe that we are back for the new academic year better-equipped and stronger for the constant progress of our young Paradines.

Let's tell ourselves -We are proud Paradines and we grow together.

Dr S Isias
Dean

Sparks in The Paradise

Dear Parents, Students and Colleagues,

This month's theme, "Teachers Carve Novel Paths and Progressive Growth," captures both the spirit and the work that shape our school. Every day, I see teachers experimenting with fresh ideas, blending tradition with innovation and guiding our students through learning experiences that are creative, compassionate and future-ready.

Our faculty have introduced project-based learning modules, integrated technology thoughtfully in classrooms and used formative assessments to personalise learning. These small but deliberate steps are already deepening students' curiosity, resilience and ability to collaborate. When teachers dare to try new approaches, whether a flipped lesson, an interdisciplinary project, or a classroom discussion framed around real-world problems, our students gain ownership of their learning and grow beyond grades into confident thinkers.

Progressive growth is not only about new methods; it is also about mindset. We celebrate teachers who model lifelong learning, who reflect on their practices and who mentor one another across departments. Thanks to this culture of continuous improvement, our school is evolving its paradigms, becoming more inclusive, more student-centred and better aligned with the needs of a rapidly changing world.

I invite parents to partner with us by encouraging curiosity at home, celebrating effort as much as achievement and communicating openly with your child's teachers.

To our students, remain brave in asking questions, generous in helping peers and persistent when learning feels challenging.

And to our teachers and staff, thank you for your commitment to carving these novel paths. Your creativity and care shape the future of every child in our care.

Together, we will continue to transform small experiments into lasting progress and meaningful change.

Warm regards,

Rajkumar Singhal
Principal

Sparks in The Paradise Cultivating Excellence Through Orientation

7 May 2026 marked the beginning of a new academic year filled with hope, enthusiasm and renewed commitment. The Management and the Principal of The Paradise Academy warmly welcomed all teaching staff back to campus after the vacation. A special welcome was extended to the newly joined teachers, who have now become a part of the school family. Our Chairman, Dr. T. Manjunatha, wished them success in their teaching journey and encouraged them to contribute their knowledge, skills and innovative ideas towards the growth of the institution. Our Principal, Mr. Rajkumar Singnal, addressed the gathering and expressed gratitude to all teachers for their dedication and continuous efforts in nurturing and guiding students towards achieving their goals. And also encouraged the staff to continue working together to create a positive and inspiring learning environment. The reopening day provided an opportunity for teachers to reconnect, share ideas and prepare themselves for the responsibilities and opportunities of the new academic session. The atmosphere was filled with excitement, collaboration, and a shared vision for the holistic development of students.

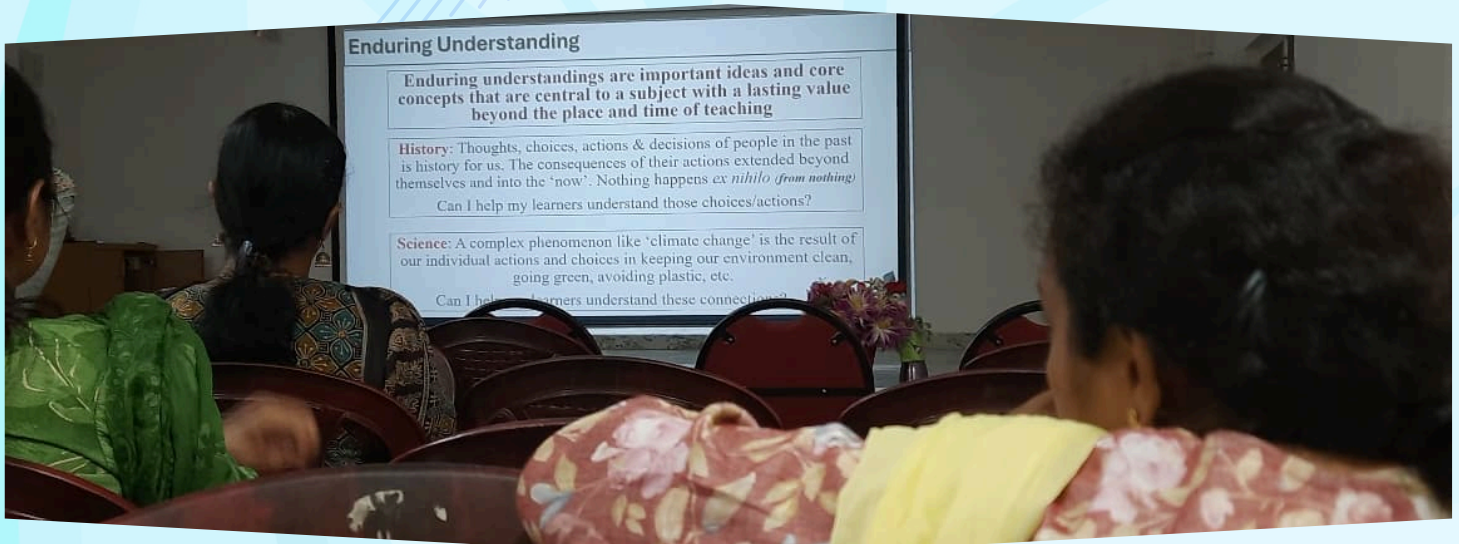

Sparks in The Paradise *Balancing Life and Teaching*

The Paradise Academy organized a Teacher's Enrichment and Orientation Programme on the topic "Purpose Driven Life: Balancing Professional and Personal Life as a Teacher" by Rev. Fr. Riju Jose on 8 May 2026. The session highlighted the transformation from traditional teaching methods to modern, student-centered learning approaches. The resource person emphasized the importance of continuous learning, subject expertise, effective communication, emotional balance and collaboration in a teacher's professional journey. Teachers were also guided on understanding different stages of child development and the significance of serving as positive role models. An engaging activity, "The Friendship Quiz," encouraged participants to reflect on the values of trust, honesty, respect and cooperation in building healthy personal and professional relationships. The programme concluded with the message that continuous self-improvement, meaningful relationships and a balanced approach to life are essential for creating a positive and purposeful learning environment.

The Continuum: From Content Learning to Concept Development

Our teachers attended an insightful session titled “The Continuum - Content Learning to Concept Development” at The Paradise Academy on 8 May 2026, conducted by Mr. Rajeshekar GummiRaju and organized by Orient BlackSwan, the session focused on transforming content-based teaching into concept-based learning. Through interactive activities and classroom examples, teachers explored strategies to create curiosity, connect prior knowledge with new learning, and promote deeper understanding among students. The session emphasized activity-based, student-centred learning and highlighted the importance of moving from concrete ideas to abstract concepts. The programme concluded with a story-based learning activity that reinforced the values of Collaboration, Coordination, and Concentration, leaving participants with practical ideas to make learning more meaningful and engaging.

A Legacy of Excellence

Tradition, gratitude and a shared vision came together in a spectacular display of school spirit as The Paradise Academy celebrated its Annual Founder's Day on 12 May 2026. The landmark event brought together students, educators and distinguished guests to honour the visionary founders who laid the cornerstone of what has become a beacon of academic and holistic excellence.

The campus was transformed into a vibrant hub of celebration, adorned in the school's classic colours, setting the stage for a day dedicated to reflecting on the past and looking forward to a bright future.

The celebrations commenced with a solemn opening ceremony followed by the lighting of the traditional lamp which symbolized the eternal flame of knowledge that The Paradise Academy continues to ignite in young minds.

In the welcome address, our Managing Director Mr. Sai Krishna paid a moving tribute to the Founder, reminding the audience of the humble beginnings from which the institution grew.

"Founder's Day is not just a date on our calendar; it is a reminder of our core values. We stand on the shoulders of visionaries who believed that education should empower, inspire and transform. We pledge to keep that flame burning bright forever."

Sparks in The Paradise *A Dawn of New Possibilities*

The hallways of The Paradise Academy are once again alive with energy, laughter and the unmistakable buzz of anticipation. On 14 May 2026 marked the official reopening of classes for our Grade IX and X students, signaling not just the start of a new academic term, but the beginning of a crucial chapter in their educational journey.

As our senior students stepped through the gates, there was a palpable sense of excitement in the air. For Grade IX, this year represents a significant leap into higher academic rigor, where foundations for future success are solidly laid. For our Grade X students, it is the defining year of board preparations—a time to channel focus, dedication and ambition.

The Paradise Academy has always stood for nurturing balanced, confident and empathetic individuals. As Grades IX and X embark on this vital academic year, the management and faculty extend their warmest wishes to every student.

To our students: May this year be filled with breakthrough moments, strong friendships and the joy of discovery. Welcome back to school—let's make this academic year truly extraordinary!

Leadership Beyond the Classroom

The dawn of a new academic year at The Paradise Academy brings fresh energy, renewed vision and a commitment to excellence that extends far beyond standard textbooks. In our continuous pursuit of holistic student development and robust institutional governance, the administration is thrilled to officially announce the newly structured Faculty Club Houses and the appointment of the Annual Teachers' Committees on 15 May 2026.

These appointments recognize the diverse talents of our educators, empowering them to steer the academy towards new milestones in innovation, culture and student welfare.

These appointments represent more than just administrative titles; they embody the trust The Paradise Academy places in its educators to mold the leaders of tomorrow. By balancing the spirited rivalry of the Club Houses with the structured guidance of our committees, our faculty is perfectly positioned to deliver a truly world-class educational experience.

We extend our heartiest congratulations to all appointees and wish them an incredibly successful and impactful tenure ahead!

Teachers' Enrichment Programme

Oxford Advantage Teachers' Enrichment Programme was conducted on 18 May 2026 and 19 May 2026 at The Paradise International School by Ashika A. Rai. The session was conducted to explain the importance of integrated learning solutions and modern teaching methods. It highlighted the importance of activity-based learning, exploration and student participation for overall development. The next session explained the approach of Oxford Integrated Learning Solutions, domains of development and skill-based learning. The programme also focused on PANCHAADII and CHAMPS concepts. The session further explored textbooks, effective utilisation of lesson plans, and learning resources.

Overall, the programme was informative and helped teachers understand effective strategies for improving students' learning experiences and overall development.

Sparks in The Paradise

Back to the Classrooms

The vibrant hum of laughter, the cheerful chatter of friends reuniting and the comforting sound of school bells have finally returned to the corridors of The Paradise Academy. After a period of quiet waiting, the campus was completely transformed on 21 May 2026, as students from Grade I to VIII were warmly welcomed back to start a brand-new chapter of physical, in-person learning.

The campus was filled with new hope, inspiration and excitement as students stepped into the new academic year with cheerful smiles and positive energy. Grade VI students received special attention as they entered Secondary School and they were warmly welcomed by the Management and the Principal.

The day was further followed by the Parents' Orientation Programme for new parents. The orientation focused on school policies, curriculum and transport facilities. Our Principal, Mr. Rajkumar Singnal, addressed the gathering and spoke about academics, school policies and the important roles and responsibilities of parents in shaping their children's future.

The day marked a new beginning filled with hopes, aspirations, learning and success for the entire Paradise family.
