MESSAGE

Dear Friends,
Greetings from The Paradise Group of Institutions!

Hurrah! Time to relax from the regular routine of being woken up with a loud noise stating that it was getting late for School. You can now afford a little late waking up and help each other in the same and help in petty tasks. The family can travel to our ancestral homes and connect with all kinds of relatives and family friends during this summer vacation. But remember, as we re-relate and find new relatives and friends for strengthening our bonds, relationships are very precious and are to be enhanced and held very tight to our hearts.

Let us make use of this precious opportunity of the summer vacation and enrich ourselves with most precious love from family and friends. Let us wide open our hearts in love and for love.

With Loving Greetings,

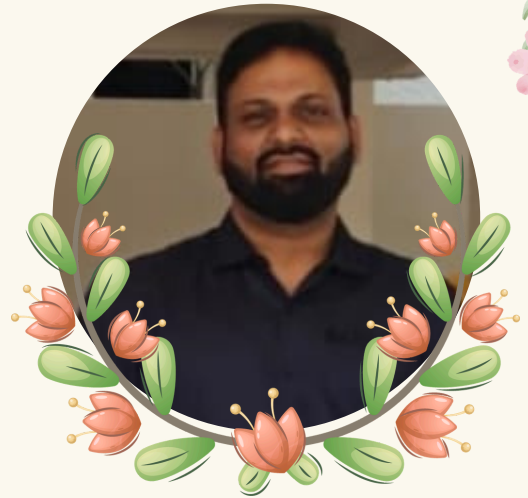

Dr. S. Isias

Dean

MESSAGE

Dear Paradise Family,

In the hustle of classes, exams, and events, it's easy to overlook the magic that truly lights up our lives: the relationships we nurture every day. At Paradise Academy, we believe strong bonds with friends, teachers, and mentors are the foundation of lifelong joy.

Think of it like a garden where friendship blooms with kindness, trust, and shared laughter. Teacher-student connections grow through encouragement and curiosity, team spirit thrives when we celebrate each other's wins. These ties don't just make school fun they equip us with resilience, empathy, and happiness that lasts a lifetime.

This month, let's commit to one small act a genuine "thank you" to a classmate, a listening ear for a colleague, or a helping hand during group projects. Watch how these ripples create waves of joy across our community.

Together, we're not just building relationships—we're crafting a joyful future.

Wishing you a very memorable and pleasant vacation,

Rajkumar Singhal

Principal

Joyful celebration of Holi

Holi, the festival of colours was celebrated on 4 March 2026 at The Paradise Academy with great joy and enthusiasm. Our Kindergarten tiny tots and Primary stars were dressed in bright attire to celebrate the festival. The event began during the last period, our Paradines were excited to play Holi with different organic colours applying them to each others with happiness and care. The atmosphere was filled with colours, joy and laughter. Everyone enjoyed music and danced cheerfully. The celebration helped our children to learn about festival, togetherness and cultural traditions through fun activities.

Sparks *in* *The Paradise* **Prize Night**

“Every child is important, every child is talented, and every child deserves a chance to grow.”

We at The Paradise Academy organised our Prize Night on 7 March 2026 for students from Kindergarten to Grade X to honour the talents of our Paradines. Every child is unique and possesses special abilities. Some students excel in academics, while others shine in leadership, dance, or music. Many demonstrate excellence in Mathematics, English, Art, and Science, while some stand out for their kindness, tidiness, and empathy towards others. Through these recognitions, students are encouraged to explore and identify their strengths, and some even emerge as outstanding all-rounders.

The evening was filled with excitement, curiosity, and wonderful moments. Every student was nominated under different categories, celebrating their individual talents. The dignitaries presented awards to the winners and congratulated all the nominees for their achievements. The event made parents proud of their children's talents and helped every student recognize their inbuilt potential. The Prize Night concluded with great enthusiasm and joy, leaving everyone inspired and motivated.

Honouring the Power of Women

Women's Day was celebrated on 7 March 2026 at The Paradise Academy with great enthusiasm. The event began after the Prize Night celebration. Our Principal, Mr. Rajkumar Singnal, addressed the gathering and appreciated the hard work, multitasking abilities, and dedication of women towards their families and society. A special song was dedicated to all the women by our male faculty member. The celebration was further enjoyed with cake cutting ceremony. Our Academic Director, Mrs. Supriya, expressed gratitude to the men for their contribution and support to women both at home and in the workplace. The event concluded with a delicious dinner arranged by the Management. Overall, Women's Day was a time to respect, support, and celebrate the spirit of women and their important role in shaping society.

Nurturing Achievements

We at The Paradise Academy honoured the students who actively participated in KISA and various Olympiad examinations for Grades KG to X on 10 and 11 March 2026 in a Special Assembly. Our Principal, Mr. Rajkumar Singnal, presented gold, silver, bronze and consolation prizes to all the winners. Competitive exams like KISA and Olympiad provide a platform to enhance students' knowledge and analytical thinking. These competitions encourage our learners to think beyond textbooks and develop deeper understanding of subjects. Such initiatives help nurture confidence, curiosity, and a spirit of academic excellence among students. And also motivate every student to participate in these exams. Kudos to all the winners and Participants!

Fostering Excellence

At The Paradise Academy, we believe that education is a collaborative journey between the school, the student, and the home. On 12 March, we held our Parent-Teacher Meeting (PTM) for Grades VIII and IX—a pivotal stage where academic foundations solidify and future paths begin to take shape.

The energy was palpable as parents and educators came together to discuss not just grades, but the holistic growth of our students.

Grades VIII and IX represent a "bridge" period. For our Grade VIII, the focus is on developing analytical thinking, while Grade IX marks the beginning of the formal secondary curriculum, requiring a more disciplined approach to study habits.

We extend our sincere thanks to all the parents who attended.

Your presence reinforces your child's sense of support and accountability. At Paradise Academy, we don't just teach students; we nurture the leaders of tomorrow.

Together, we can ensure that every student at The Paradise Academy reaches their full potential.

A Test of Academic Growth

The Paradise Academy officially commenced its much-anticipated Annual Examination season on 12 March 2026 for Grades VI and VII, on 16 March 2026 for Grades III to V and on 17 March 2026 for Grades I and II, transforming the once-vibrant campus into a dedicated zone of quiet focus and academic rigor. These assessments represent far more than simple grades; they serve as the culmination of a full year's journey of curiosity, hard work, and intellectual exploration for students across all grade levels. To support this transition, the school administration has implemented a seamless process designed to maintain a stress-free environment, allowing students to demonstrate their growth with confidence. As the examinations proceed toward their conclusion later this month, the entire school community looks forward to a well-deserved spring break. We extend our best wishes to every student at The Paradise Academy—may your dedication and hard work be truly reflected in your final results!

Annual Health Olympiad – Address Health

Address Health organized the Annual Health Olympiad, a free online initiative for students from Grades I to VIII, conducted from 4 February to 14 February 2026.

Our Paradines actively participated in the competition and brought laurels to the school by winning Gold, Silver, and Bronze prizes. The winners were felicitated by our Principal, Mr. Raj Kumar Singhal, on 27 February 2026. Congratulations to all the participants and winners for their enthusiastic participation and remarkable achievement!
